## NEW FOR 2022: MEET THE LEONIDS

The Leonids are a TTBB chamber ensemble under the direction of Erick Lichte, drawn from North America's finest professional ensemble singers. The Leonids come together briefly once a year in a supergroup to perform breathtaking music, just like the spectacular meteor showers after which they are named.

*Chor Leoni creates an atmosphere of inclusivity and brotherhood, and it was immediately palpable during our first rehearsal with them.*
